

The Journey:

Discovering the Invisible Path

The story of God's purpose for humanity has been unfolding throughout eternity. The story began with the creation of the world with Adam and Eve placed in the Garden God created for them to dwell in. With the fall of Adam and Eve, the story has continued through the annals of time with many patriarchs, prophets, kings, shepherds, fishermen, tax collectors and ordinary people like you and me who have all had and are having our roles defined to us by our Creator.

Each one of us has been created to play a particular role that has been uniquely designed according to our personality, gifting, innate abilities and talents we possess as well as the many experiences, whether good or bad, we've picked up along the way. It is only as we willingly enter into the role God has designed for us that we are fully able to discover all He has created us to be. It's when we willingly embrace this role that we experience the abundant life He promised to us. (*John 10:10*)

The "Journey Seminar" will help you in discovering the invisible path that allows you to experience all that God has destined for your life.
